# WELCOME!

And thank you for helping us say "Happy Birthday!" to the Education Foundation of Little Silver (EFLS)! 20 years ago, a group of parents formed the EFLS in order to enrich the educational experience of their children. They valued innovation in the classroom and decided to fund new and exciting technology for the schools. You share those values, which is why you are here - and for that we are so grateful!

Technology was vastly different 20 years ago...in 1995 "iDevices" were still a decade away! What was cutting edge then is relatively standard in the classroom of 2015.

With the vast array of today's technology comes endless possibilities for ingenuity in teaching, but also brings with it the complexities of infrastructure, breakage, classroom parity, etc. As parents supporting innovation in the classroom, we must consider the whole picture.

To this end, the EFLS has been working closely with teachers and the administration to better understand the schools' needs on a grade-by-grade level. We changed our grant process to make it easier to receive grants, and we altered grant deadlines so that we could review them prior to our event. This has given us a clear fundraising goal and has further revealed how critical the efforts of our organization are, 20 years later.

Thankfully, one thing that has NOT changed in 20 years is the dedication of our volunteers, our sponsors and our community to help support our mission. I am overwhelmed by the

generosity and kind spirit that has been visible throughout Little Silver since our committee began this adventure. We went out in search of sponsors, auction items, volunteers, new ideas and help! And we found them in droves.

A huge thank you to the teachers and administrators for all the support leading up to tonight. We can't wait to bid on all of the fantastic teacher experiences you have contributed to our auction.

A wonderfully humble and tearful thank you to the amazing friends, sponsors, neighbors, parents and businesses who have helped us to make tonight so great. Through sponsorships alone, we have already raised more than \$50,000! If you do one thing after leaving this event, please support our sponsors and their businesses. Tell them you know that they support the EFLS and that their dedication to our community is appreciated!

And finally, here's to you for your continued support and dedication to your children's education! There are so many opportunities to raise money tonight - outbid your friend on a teacher experience, win a bottle of wine at the "Wine Toss", or fund a grant request directly through the giving "tree." Thank you for celebrating 20 years and ensuring the success of Little Silver schools for many more to come!

With my sincere thanks and gratitude,

**Kelly Cullen**
